

JEFFERY L JOHNSON

IT & CYBERSECURITY PROFESSIONAL | SECURITY MONITORING, CLOUD
FUNDAMENTALS, AND COMPLIANCE AWARENESS

jeffery.johnson4@snhu.edu • 2513638066 • Alabaster, AL 35007

PROFILE

Dynamic operations leader with proven experience overseeing 500+ employees and managing \$120M in annual financial responsibility while driving performance, efficiency, and organizational growth. Combines large-scale leadership with advanced technical expertise, supported by a Bachelor of Science in Information Technology and a Master of Science in Information Technology with a concentration in Information Security. Adept at optimizing systems, strengthening operational workflows, and applying IT-driven solutions to enhance productivity, security, and business continuity. Recognized for building high-performing teams, improving process reliability, and aligning technology with strategic organizational goals.

EXPERIENCE

OPERATIONS MANAGER

Wal-Mart, Inc. | Bentonville, AR | Mar 2016 - Present
www.walmart.com

Led daily operations with a strong focus on technology-driven efficiency, system reliability, and data-informed decision-making. Managed cross-functional teams while ensuring operational continuity and compliance with corporate standards. Applied IT expertise to streamline workflows, troubleshoot technical issues, and strengthen digital processes across the store.

Key Contributions:

Oversaw operational systems including inventory management, POS terminals, handheld devices, and network-connected equipment, ensuring minimal downtime and rapid issue resolution.

Collaborated with Asset Protection and corporate IT to support secure system access, user permissions, and compliance with data-handling policies.

Utilized data analytics tools and reporting dashboards to identify operational gaps, optimize staffing, and improve productivity.

Implemented process improvements that enhanced accuracy, reduced shrink, and improved system-based workflows.

Trained associates on technology tools, system updates, and secure handling of digital information.

Coordinated with vendors and support teams to resolve hardware, software, and network issues impacting store operations.

Ensured adherence to company policies, safety standards, and operational protocols while maintaining a high-performing, customer-focused environment.

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

Southern New Hampshire University | Manchester, NH

MASTER OF SCIENCE IN INFORMATION TECHNOLOGY WITH A CONCENTRATION IN INFORMATION SECURITY

Southern New Hampshire University | Manchester, NH

SKILLS

Database Design, Scripting Languages, Object-Oriented Programming, Risk Management, Data Analysis, Troubleshooting, Version Control, Agile, Project Management, Technical Writing, Microsoft Windows, Linux, Mac OS, AWS, Azure, Stakeholder Engagement, Data Modeling, Machine Learning, Security Auditing, Ethical Hacking and Testing, Training Material Development, Policy

Development, System Monitoring, Incident Response Protocols, Cloud Computing, Access Control, Operational Flowcharting, Process Workflow Design, Requirements Elicitation, IT Infrastructure Planning, Database Schema Design, Relational Database Design, Python, SQL, Risk Analysis, Risk Mitigation, Agile Methodologies, Scrum Practices, Agile Frameworks, Jira, Microsoft Project, Amazon Web Services, Security Audits, Compliance Auditing, Penetration Testing, Regulatory Compliance, HIPAA, Security Information and Event Management, Threat Detection, Cyber Threat Analysis, SaaS, PaaS, IaaS, Sarbanes-Oxley SOX, PCI DSS, GDPR, Cost-Benefit Analysis

HONORS & AWARDS

NATIONAL SOCIETY OF LEADERSHIP AND SUCCESS (NSLS)

Sigma Alpha Pi Honor Society

Recognized for strong leadership capabilities and academic performance. Completed NSLS's accredited leadership training program, focusing on effective communication, team development, and strategic goal execution.

ALPHA SIGMA LAMBDA – ACADEMIC HONOR SOCIETY

Alpha Sigma Lambda

Recognized for academic excellence and high scholastic performance while balancing professional and personal responsibilities. Selected for membership based on ranking in the top percentage of eligible students.

MEMBERSHIPS & AFFILIATIONS

ACM MEMBER

Association for Computing Machinery

Member of ACM, contributing to a global community dedicated to advancing computing as a science and profession. Engaged in collaborative learning, ethical computing discussions, and leadership-oriented development.

PUBLICATIONS

SECURE ESCAPE: CYBERSECURITY RISK ASSESSMENT AND SYSTEM DESIGN

Graduate Project

Developed a comprehensive cybersecurity architecture and risk mitigation strategy, incorporating threat modeling, access control design, and cloud-security best practices.

ANALYSIS OF MODERN CYBER THREAT VECTORS AND DEFENSIVE STRATEGIES

Academic Research Paper

Explored emerging threat trends, including AI-driven attacks, privilege escalation techniques, and cloud vulnerabilities, with recommendations for enterprise defense.
